Dear Mr. Powell:

I am in the throws of completing a family book "Raymond Avery, 1898-1980, ancestors and descendants," and I would like to include some or all of your article on "One-block section of Church St. had wide variety of business enterprises." Would you send me a clear copy of just that article (Vol. 11, No. 38 Wednesday, September 21, 1983). Thanks.

Sincerely
Elwood J. Thacher

P.S. I am a member of your Carbondale Historical Society.

Carbondale and has suggested

and that pleased John. at
11 PM he left & I prepared the
News article on Thacher & Avery's
Confectionery Store. also wrote
a thank you note to Anthony
Mazza, 49 Terrace, who donated
\$500 to the CHSM after the
Council meeting.

I was -- I was nervous about getting
approval from the City to restore &
occupy the 3rd floor of CCH&C.
No crew went to work & I
waited for the Council meeting.
RJT arrived. At the Council
meeting, the formal permission
to restore & occupy the 3rd floor
slip did not come up, and so
during the public section of the
meeting I stood up and
made my statement on
the stabilization (see p. 3 of
01-09-1984). Very satisfying,
& must say. Ray Kinoldi's
"a resounding round of
applause" gave me a great
deal of pleasure, & must say.

Following the meeting I
reported to my colleagues on
the 3rd floor about the
meeting and then I walked
down to Winter Donut with

Jim Hepburn & RJT. I
returned to CCH&C & then
told Joe that I was &
returning here. I did & about
10 PM Joe arrived. I gave
him a large box of foreign
corn that I acquired during
various European trips; also
some entrance tickets and
rail tickets from various
European cities. Joe was
tired. I told him how much
I appreciated his taking
charge on the 3rd floor.
